# Skills Analysis

**Need to assess engineering competences?  
Let our experts analyse your teams' technical skills, knowledge, attitude and aptitude.**

The skills analysis service provides an impartial process to benchmark engineers and to enable appropriate training and development plans to be implemented.

Individual engineer assessment reports are generated on completion. These clearly identify current capabilities and highlight gaps in their skills and knowledge.

A group summary report is provided for comparison of individual competences, recognition of whole group capability and indicates potential 'critical points of failure'.

Assessments can be carried out onsite or at MGTS.

## Investing in Staff

Skills analysis activity facilitates the development of the necessary engineering skills and knowledge to meet site requirements, either with existing engineering staff upskilling plans or technical operator training. Benefits of investing in an engineering skills development strategic programme include:

- Improved production efficiencies
- Reduced downtime
- Improved productivity
- Reduced contractor engagement
- Cost savings
- Continuous improvement
- Improved employee satisfaction and morale

## Programmes include:

- Mechanical
- Electrical and / or multi-skilled elements aligned to customer requirements
- Dates available upon request
- Maximum of 4 candidates
- **£925 per day (subject to additional costs dependant if onsite or at MGTS)**

# Tailored Courses

Many of our customers request tailored programmes to meet specific business and individual development and assessment needs. We are delighted to work with our customers to design and support such programmes to develop the technical competences of their employees. Talk to us today to see how MGTS can create bespoke training packages to meet your unique needs.

# Bookings & Payments

Bookings must be confirmed with either a purchase order or full payment to secure the booking.

New customers will be required to complete a new customer application form to open a credit account.

Credit account customers will be invoiced upon booking; our standard payment terms are 30 days unless otherwise agreed in advance.

Payment can be made by credit card or BACS/ bank transfer.

Payment must be received 7 days in advance of the course start date (for non- account customers).

# Cancellation Policy

Where courses are under subscribed MGTS may cancel or re-arrange a course at their discretion. Customers will be notified no later than 10 working days prior to the planned commencement date.

MGTS accepts customer cancellations without charge up to 7 days prior to commencement of training.

Cancellation less than 7 days will incur a 50% course fee.

Cancellations with less than 24 hours' notice will incur a 100% course fee.

Transfers to alternative course dates will not incur any additional charge to the customer if the transfer is made up to 7 days prior to commencement of training.
